Travel Advisory

India is a culturally diverse and vibrant country with a rich history. Visitors should be aware of the following:

- **Currency:** The Indian Rupee (INR) is the official currency. Credit cards are widely accepted, but carrying cash in smaller denominations is recommended for local markets and small vendors.
- **Weather:** September marks the end of the monsoon season in India, with humidity levels being high. While the weather may still be warm and slightly humid during the day, temperatures are usually manageable. It is advisable to pack lightweight, breathable clothing for the daytime and carry an umbrella or light rain jacket for unexpected showers.
- **Health:** It is advisable to drink only bottled/ filtered water and avoid consuming street food from unknown vendors. Carry any prescribed medications along with a basic first aid kit. If you're sensitive to heat or humidity, take extra care to stay hydrated and avoid overexertion during outdoor activities.
- **Safety:** India is generally safe for tourists, but it is wise to be cautious of personal belongings in crowded areas. September often sees fewer tourists, so while this can provide a more peaceful experience, it also means that some tourist spots may be quieter, so it's essential to stay alert.
- **Cultural Sensitivity:** Dress modestly, especially when visiting religious sites, and be respectful of local customs and traditions.

What to Pack:

Clothing:

- **Lightweight, breathable clothing** (shorts, T-shirts, lightweight pants) suitable for warm weather during daytime exploration.
- **Long-sleeved shirts and pants** for sun protection, especially if you're sensitive to the sun or plan to visit outdoor sites like forts or temples.
- **Comfortable walking shoes** for exploring historical and cultural sites, as well as comfortable **socks** for all-day wear.
- **Lightweight rain jacket or poncho** for occasional showers, especially since September still witnesses some rain.
- **Hat with a brim or cap** for sun protection during daytime excursions.
- **Sunglasses with UV protection** to shield your eyes from the strong sun.
- **Light jacket or sweater** for cooler evenings, particularly in Delhi and Jaipur.

Personal Gear:

- **Daypack or backpack** for carrying essentials during day trips.
- **Eco-friendly sun protection** and personal care items, such as sunscreen and lip balm with SPF.
- **Insect repellent**, particularly for evenings, as mosquitoes can be more active in humid areas, especially after rainfall.
- **Personal hygiene items** and toiletries, including wet wipes, hand sanitizer, and tissue paper, as public restrooms may not always provide these.
- **Reusable water bottle** to stay hydrated throughout the day.

Documents and Miscellaneous:

- **Valid passport** with at least six months of validity. Bring an additional photocopy of your passport to keep in case of emergencies.
- **Printed copies** of travel insurance, itinerary, and important contact information, including local emergency numbers.
- **Cash in small denominations** for purchases in remote areas or local markets where credit cards may not be accepted.
- **Visa** (if applicable), and keep a photocopy of your visa and travel documents.
- **Travel guidebook** or app for exploring local history and culture, which can be helpful during downtime or for additional context at historical sites.
